

**ESTIMATED FORECLOSURE ABANDONMENT RISK SCORE,
 DETROIT BLOCK GROUPS**

Legend

Estimated Foreclosure Abandonment Risk Score

- Very Low (0-2)
- Low (2-4)
- Moderate (4-6)
- High (6-8)
- Very High (8-10)

Description of Targeting Guideline:

The Housing and Economic Recovery Act of 2008 established three very specific targeting responsibilities for state and local governments implementing the Neighborhood Stabilization Program...

(3) Finally, it indicates that grantees should give priority emphasis in targeting the funds that they receive to "those metropolitan areas, metropolitan cities, urban areas, rural areas, low- and moderate-income areas, and other areas with the greatest need, including those--

- (A) with the greatest percentage of home foreclosures;
- (B) with the highest percentage of homes financed by a subprime Mortgage related loan; and
- (C) identified by the State or unit of general local government as likely to face a significant rise in the rate of home foreclosures."

The column "Estimated_foreclosure_abandonment_risk_score" provides a score for each neighborhood from 0 to 10, where 0 indicates that our data suggest a very low risk and 10 suggest a very high risk.
